

OUTDOOR Easter Egg Clues

for big kids

I sit very still when I don't have a rider,
check under my tires to get what you desire.

Fill me with seeds and put me up high,
my guests come from up in the sky.

On a hot day, I give you a shady seat.
Come sit here now to find what you seek.

I am a box with a stick, and I'm
where you'll find mail quick.

Use me to give plants a drink, you
fill me up from the kitchen sink!

I am where you throw out trash and
people say I'm nasty and yuck. But if you
don't find your clue you'll be out of luck!

I've got charcoal in my belly, and metal
feet. Once I am hot, it's time to eat.

Use me to cool down the ground on a hot
day, I am long and effective I must say.

Reach new heights by swinging on my
seat, a regular chair just can't compete.

I separate your house from your
neighbors, and am made from wood.
