ROLL-A-HARVEST-BASKET

This activity can be used with all ages and abilities.

Stress to your students that they do not need to make their basket and vegetable drawings EXACTLY as they appear on the activity sheet.

Encourage them to use the little illustrations as inspiration, rather than trying to duplicate what they see.

Students will really benefit if you are able to bring real baskets and vegetables into the art room for them to look at and observe.

Have fun!

ROLL-A-HARVEST BASKET

HOW TO: Roll the die five times. First draw the basket shape, then the basket weave, followed by the vegetables. Feel free to add more vegetables and fruit to the basket. Add color using pencils crayons, crayons or markers.

	1st ROLL	2nd ROLL	3rd ROLL	4th ROLL	5th ROLL
