SEA LIFE

SNOWFLAKE PATTERNS
At KinderArt, we live near the ocean and because of that, we spend a fair amount of time exploring the shorelines, always finding lots of inspiration near (and in) the water.

To celebrate our seaside home, my husband (artist Geoff Slater) decided to create a series of fun marine life snowflake patterns to share.

To make them, simply print, fold and cut the included patterns.

Enjoy and... keep creating!
